ISAT US Inc.

Petition for Declaratory Ruling

Grant of Authority

Date of Action: 05/01/2019

ISAT US Inc. (ISAT) and Inmarsat Solutions (US) Inc. (ISUS and, together with ISAT, Petitioners) have filed a joint petition (Petition) requesting an amended declaratory ruling pursuant to Section 310(b)(4) of the Communications Act of 1934, as amended, 47 U.S.C. § 310(b)(4), in connection with a November 2018 pro forma reorganization. ISAT and ISUS have also filed related applications seeking Commission consent to the pro forma transfer of control of their respective common carrier earth station licenses. See IBFS File No. SES-T/C-20190128-00008 (ISAT application for consent to pro forma transfer of control of Call Sign E090032); IBFS File No. SES-T/C-20190128-00007 (ISUS application for consent to pro forma transfer of control of Call Signs E000180, E010047, E011048, E010049, E010050, E050249, E070114).

ISAT and ISUS are organized in Delaware, as is their direct, 100% parent, Inmarsat Group Holdings Inc. (IGHI). IGHl ultimately is wholly owned and controlled, through a series of intervening U.K.-organized holding companies, by Inmarsat plc, a public company organized in the United Kingdom. According to the Petition, the internal reorganization for which Petitioners seek approval is limited to replacing one intervening U.K.-organized entity in the middle of the Petitioners' ownership chain with a new U.K.-organized entity resulting in no change in Petitioners' ultimate ownership or control. Specifically, Inmarsat New Ventures Ltd. replaced Inmarsat Ventures Ltd.

Petitioners request that we amend their existing rulings specifically to approve the insertion of Inmarsat New Ventures Ltd. using the procedures that the Commission applied to their earlier grants of section 310(b)(4) authority, citing Foreign Ownership Second Report and Order, FCC 13-50, 28 FCC Rcd 5741, para. 138 (2013) ("We will continue to apply our existing [pre-2013] foreign ownership policies and procedures to [] licensees [with a ruling granted prior to the rule changes in 2013] within the parameters of their existing rulings."). According to the Petition, ISAT's foreign ownership ruling was granted under IBFS File No. ISP-PDR-20100107-00006 (International Authorizations Granted, TEL-01444, Public Notice, 25 FCC Rcd 10332, 10338 (IB 2010)), as amended in IBFS File No. ISP-PDR-20150401-00001 (International Authorizations Granted, TEL-01733, Public Notice, 30 FCC Rcd 4789, 4789 (IB 2015)). ISUS received a ruling in 2010 under its former name, Stratos Communications, Inc., under IBFS File No. ISP-PDR-20100628-00014 (International Authorizations Granted, TEL-01444, Public Notice, 25 FCC Rcd 10332, 10334 (IB 2010)).

Pursuant to Section 310(b)(4) of the Act and the Commission's rules and policies applicable to foreign ownership of common carrier licensees and spectrum lessees, we find that the public interest would be served by granting the Petition. Specifically, we extend the foreign ownership rulings issued to ISAT (25 FCC Rcd at 10338, as modified in 30 FCC Rcd at 4789), and ISUS (25 FCC Rcd at 10334), to authorize the insertion of Inmarsat New Ventures Ltd. into their vertical ownership chain.

Grant of this declaratory ruling is conditioned on Inmarsat plc's continued compliance with the Network Security Agreement (Agreement) between Inmarsat plc, on the one hand, and the U.S. Department of Justice and the U.S. Department of Homeland Security, on the other, dated September 23, 2008. A copy of the Agreement is appended to the Memorandum Opinion and Order and Declaratory Ruling in IB Docket No. 08-143, Robert M. Franklin, Transferor, and Inmarsat, plc, Transferee, DA 09-117, 24 FCC Rcd 449, Appendix B (IB 2009).

CONDITIONS APPLICABLE TO INTERNATIONAL SECTION 214 AUTHORIZATIONS

(1) These authorizations are subject to the Exclusion List for International Section 214 Authorizations, which identifies restrictions on providing service to particular countries or using particular facilities. The most recent Exclusion List is at the end of this Public Notice. The list applies to all U.S. international carriers, including those that have previously received global or limited global Section 214 authority, whether by Public Notice or specific written order. Carriers are advised that the attached Exclusion List is subject to amendment at any time pursuant to the procedures set forth in Streamlining the International Section 214 Authorization Process and Tariff Requirements, IB Docket No. 95-118, 11 FCC Rcd 12884 (1996), para. 18. A carrier that acquires an affiliation with a foreign carrier will be subject to possible reclassification as a dominant carrier on an affiliated route pursuant to the provisions of Section 63.10 of the rules.

(4) A carrier may provide switched services over its authorized resold private lines in the circumstances specified in Section 63.23(d) of the rules, 47 C.F. R. § 63.23(d).

(5) Carriers shall comply with the "No Special Concessions" rule, Section 63.14, 47 C.F.R. § 63.14.

Except as specified in Section 20.15 with respect to commercial mobile radio service providers, carriers regulated as non-dominant, as defined in Section 61.3, and providing detariffed international services pursuant to Section 61.19, must comply with all applicable public disclosure and maintenance of information requirements in Sections 42.10 and 42.11.

(11) To the extent the applicant is, or is affiliated with, an incumbent independent local exchange carrier, as those terms are defined in Section 64.1902 of the rules, it shall provide the authorized services in compliance with the requirements of Section 64.1903.

(12) Except as otherwise ordered by the Commission, a carrier authorized here to provide facilities-based service that (i)

is classified as dominant under Section 63.10 of the rules for the provision of such service on a particular route and (ii) is affiliated with a carrier that collects settlement payments for terminating U.S. international switched traffic at the foreign end of that route may not provide facilities-based switched service on that route unless the current rates the affiliate charges U.S. international carriers to terminate traffic are at or below the Commission's relevant benchmark adopted in International Settlement Rates, IB Docket No. 96-261, Report and Order, 12 FCC Rcd 19806 (1997). See also Report and Order on Reconsideration and Order Lifting Stay in IB Docket No. 96-261, FCC 99-124 (rel. June 11, 1999).
